

THERE'S AN APP FOR THAT

BRIGHTER AND BIGGER

This app uses the device's camera to change the size and contrast of text. Ideal for people with cataracts or low vision.

A BETTER VISIT

An app which encourages positive interactions with people living with dementia through a range of two player games.

MEDISAFE PILL REMINDER

Alerts and reminders for medications, refill reminders, Dr appointment manager, health measurement manager including blood pressure and blood sugar.

CAR FINDER AR

Automatically saves user parking location, utilises augmented reality to show user where the car is parked, provides directions back to the user's car and provides a parking timer.

DEMENTIA-FRIENDLY HOME

This app uses VR technology to support carers and family to create a safer and more supportive home environment for people living with dementia.

TAPTAP SEE

An app to identify objects for the visually impaired. The user can take a photo of an object and the app will speak the identification back to the user.

YourSide
Your Health and Wellness.

THERE'S AN APP FOR THAT

FLOWER GARDEN

Allows the user to manage a virtual garden including planting seeds, watering them and watching them grow. Also allows the user to cut flowers and send virtual bouquets.

MINT INCOME-EXPENSE MANAGER

This app manages bills, bank accounts, investments and tracks spending.

YUMLY

This app provides recipes and step by step instructions for meals as well as personal recommendations based on likes, dislikes or nutritional requirements. Recipe ingredients can be easily added to a shopping list.

FAMILY LOCATOR

This app uses GPS to provide real-time locations of family or friends. This app may be ideal for someone living with dementia who is anxious about the location of loved ones.

SITTING CARDIO

An app which features a range of safe seated exercise regimes. Ideal for people with limited mobility or high risk of falls.

DEMENTIA DIGITAL DIARY AND CLOCK

An app that provides prompts for time of day/day of the week, displays reminders for upcoming events such as visitors or appointments and can be personalised with photos and music.
