**Paul Stiff**

Managing Director, Paul Stiff Consulting Pty Ltd, and former CEO of breakthru Ltd

**SUBMISSION OF  
EXPRESSION OF INTEREST  
VIA TRYBOOKING  
REQUIRED**

The Aged Care reforms are well under way, are you ready to manage these changes?

Come and join us during this Round Table discussion for CEOs of aged care services.

We know that the Aged Care reforms will lead to significant changes in the way Aged Care is assessed, funded and regulated. These are similar to the transformational shift in policy and service delivery that the disability sector went through into the lead up into the NDIS. Each Aged Care organisation will need to transition to a completely different model, and initiate changes in the way it operates.

Learning from the experience of former CEO of disability organisation, breakthru, who navigated the changes of the NDIS, this interactive session will explore the following areas:

- The breakthru history and experience
- Company culture and change
- Better participant/customer outcomes
- The workforce, awards and Unions
- The NDIS and changing goalposts
- Financial results
- Managing the Board

Cost: \$30 (light lunch will be provided)

Providers from the Northern Sydney region will be prioritised.
