

Igniting Positive Organisational Culture

Three Live Virtual Workshops

Anna Cheney
Facilitator at **Bendelta**

Anna is an experienced facilitator and coach with ten years' experience as a Registered Nurse.
[LinkedIn](#)

Session 1

What behaviours make up the culture within your organisation?

Session 2

Where and how do we want to grow and change our culture?

Session 3

How will we implement these plans for change?

Session 1: Thursday 6 April 2023

Session 2: Thursday 20 April 2023

Session 3: Thursday 11 May 2023

(All sessions: 10:00am to 12:00noon)

Cancellation Policy

This event is subsidised by the Sector Support and Development team in your region. Commitment to attend all sessions is appreciated as we have limited spaces. If you are unable to attend, please email sectorsupport@yourside.org.au 5 days prior to session 1, in order to arrange a replacement. Non-attendance without prior notification may incur a fee to cover our costs.

For more information email
sectorsupport@yourside.org.au

Does your current Organisational Culture reflect the values, beliefs and goals you are striving for?

Refine your Organisational Culture strategy so that your values shine through at every touch point in the Care Provider journey.

Anna will create a collaborative space where you can problem solve in a small team environment. Bringing your own organisational experience as a case study, join Anna to reflect, swap ideas and explore the leadership strategies to create a springboard toward your Organisational Culture roadmap.

Audience:

Executives and senior managers of In Home Aged Care organisations are invited to explore the current culture of your own organisation, clearly define your organisational culture goals and learn tools to apply in practice.

Each workshop builds upon the previous session, so attendance at all 3 is essential.

To maintain a small, team-based workshop atmosphere, please complete the Expression of Interest form below.
